Sir,

The Rural Dispensary at Mundaje which was first opened as an allopathic dispensary as sanctioned in G.O.No. 1775-P.H. dated 4th October 1926 was converted into an Ayurbedic dispensary as permitted in G.O.No.1226 P.H., dated 20th May 1930. In accordance with the condition laid down by Government that no expenditure should be met from the Taluk Board funds towards the maintenance of the dispensary, the

cost of medecines was for some time borne by the Hindu Dharma Rakshini Sabha, Mangalore. Now the cost of medecines is - actually borne by the local members of the Sabha. These members are also the members of the Mundaje Panchayat Board which is functioning well and takes keen interest in all matters of public welfare such as health, roads, education etc. The management and control of the taluk board school has been transferred to the Panchayat - already. I wish similarly to transfer the control of the dispensary to the panchayat, which is willing to take up the management.. I am sure such transfer will result in making the institution more efficient and popular. Under the Amended Act, the management of these Dispensaries vests in Panchayat Boards.

2. I request, therefore, that the Government may be - pleased to permit the transfer of the control of the dispensary to the Panchayat Board and to continue the payment of subsidy towards the pay of the medical practitioner.

To The Secretary to the Government of Madras,

Local Self-Government Department.

Sir,

I forward herewith the letter Ref.C.3645/32.dated 27.1.1933 of the President, Taluk Board, Puttur.

2. The establishment and maintenance of rural dispensaries is a function which a Panchayat can perform under - Rule I-A(2)(d) of Schedule V to the Madras Local Boards Act subject to such rules as the Local Government may make. The Taluk board in the present case does not seem to be doing anything except receiving the subsidy due to the doctor from Government and remitting it to him. When the Mundaje panchayat actually exercises supervision over the dispensary and contributes towards the entire cost of the medicines etc. it is only reasonable that it should be

SR 29/3

recognised by Government as the local authority that is directly responsible for the dispensary. The proposal of the Taluk Board is in the circumstances strongly recommended.
